## Maple Elementary's Parent Faculty Association (PFA) Mustang Champion Sponsorship Program

Dear Mustang Champion,

Maple Elementary has been an important part of the Newbury Park community for over 50 years! We are home to approximately 250 students, TK/Kindergarten through 5th grade. Within the last several years, we have become a Title 1 school, which indicates a significant percentage of our population is considered low income. We are also a school of inclusion, creating an environment where our special education students attend classes and events with our general education students. We take pride in creating a safe atmosphere, where all students feel a sense of belonging and connection with each other and our school.

Given the demographics of our population, it is more important than ever that we reach out to our community to request donations and monetary support. It is because of generous donors that we will be able to provide enrichment activities and educational support such as music, dance and art classes, as well as physical education teachers and support specialists. We also hope to help fund field trips for students of all grade levels, throughout the year.

Thank you for your consideration in helping to enrich the educational experience for our unique student population. It is because of valued community members that we are able to enhance the Elementary school years for all of our Maple Mustangs!

Sincerely,

Maple's Parent Faculty Association
